WORK EXPERIENCE

Full Stack Mern Intern

SOFT2TECHNOLOGY   [11/2022 to 03/2023]

- As a Full Stack Intern at Soft2Technology, I had the opportunity to work on a variety of projects that allowed me to enhance my skills as a software developer. During my 4-month internship, I collaborated with a team of experienced professionals to design and implement web applications using a range of technologies, including HTML, CSS, JavaScript, and React.
- In particular, I was responsible for developing and testing the front-end components of web applications, ensuring that they were visually appealing and easy to use. I also worked on back-end development tasks, such as building APIs and integrating them with the front-end components.
